

# FOR KIDS ONLY

Connect the household toxic  
to its alternative

oil paint

drain cleaner

salt

furniture polish

lemon

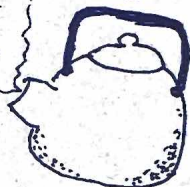

sand

water-based paint

boiling water

## Jokes Corner

A: Knock, knock

B: Who's there?

A: Water

B: Water Who?

A: What 'er you doing with that  
used motor oil? Recycling it, I hope!

Q: When can you walk on water?

A: When lake water has frozen into  
ice!

## Watch Out for These Words

When you look on a product label  
You've got to be careful and you'd better  
be able,

Late at night or early in the morning,  
To watch for words like **Caution**  
and **Warning!**

**Danger, Poison, and Toxic** mean trouble,  
If it's **Flammable** or **Hazardous** your  
troubles are double!

**Corrosive, Combustible** and  
**Caustic** are C-rious.

Keep away from them and don't be  
too curious!

**Radioactive** is a nuclear sign,

Be careful with chemicals, and you should be fine.
