

Unplanned and uncontrolled growth is changing the nature of our communities and of our lives. Washtenaw County, once a landscape of farms, homes, and open areas, city streets, and natural areas is being transformed by uncontrolled growth into a landscape of subdivisions.

The Huron Land Use alliance is dedicated to better planning for

- a more diverse community, with a variety of living styles and economic activities
- innovative land uses to preserve open space, farms, woodlands, and meadows
- architectural design that promotes the efficient use of resources
- community involvement in planning decisions
- the preservation of farm land and natural features

If you would like to know more, our address is:

HLUA  
P. O. Box 7646  
Ann Arbor, MI 48107  
(313) 769-6378
