

Urban Sprawl Hurts Us All!

Looking around our community, it is easy to see the effects of **overdevelopment**.
As more and more **strip malls**, subdivisions and roadways pop up around Washtenaw County,
wildlife habitat and family farms disappear.

**Increased Development =
Increased Traffic Congestion + Higher Taxes**

“What can I do about it?”

Fight back with Proposal 1!

- Slash Urban Sprawl •Protect Wildlife •Save Family Farms •Cut Future Tax Increases
- Support the Redevelopment of Urban Areas •Balanced Planning Practices in our Community

On Nov. 3rd, Vote Yes on Proposal 1!
