WHAT IS

NONPROFIT

ENERGY WORKS ?

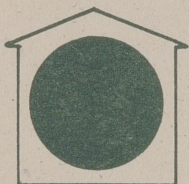

**N.E.W.** is a program offered to nonprofit agencies in Southeastern Michigan by the **Ecology Center** and **Marygrove College**. It is designed to help, nonprofit agencies use less energy, thereby cutting their utility costs. In other words, **we help nonprofits** reduce overhead building costs so funds can go where they're needed most—into services!

This program has been made possible through a grant from the **Community Foundation for Southeastern Michigan**.
