The Ecology Center of Ann Arbor's annual Bike-a-thon fund raiser will be held on Sunday, May 2nd. It's time to start getting your bike and yourself into shape if you plan to do the new 64 or 100 mile ride. The ever popular, 11 mile city route and 28 mile county route are also available. The more miles and the more sponsors each rider has, the greater will be the benefit to the Ecology Center. Sponsor sheets will be available March 20th at the Center, 417 Detroit Street; City Hall; the Public Library and local bike shops. Start getting ready to ride and join the fun.
