

# PIN THE RECYCLABLES ON THE TRUCK

It is very important for recyclables to be prepared correctly for recycling. This makes it easier for the drivers to pick them up and it helps the recycling program run better. Recycle Ann Arbor asks that you bundle your newspaper, separate your glass by color (remove the lids), and flatten your cans (remove the labels).

## INSTRUCTIONS

Draw a recycling truck: use newspaper or the back of old paper.

Draw bins in the truck and label them with the labels below or write them in.

Cut out the recyclables below and stick them on the proper bin.

### GLASS CONTAINERS

CLEAR GREEN BROWN

### NEWSPAPERS

TIN CANS ALUMINUM
